SUBSCRIPTION CAMPAIGN

BECOME A NOVA SUBSCRIBER TODAY!

Your subscription and donation provide NOVA with the necessary support needed to continue providing exceptional quality emergency care. We are your emergency medical services provider. Money raised through subscriptions is used to support operating costs.

Why should I subscribe?

A NOVA Subscription provides peace of mind for you and family members residing in your household should you need emergency medical transportation services. You are financially responsible for the full cost of emergency medical transportation services. While NOVA will bill your insurance carrier for medically necessary emergency services rendered, most insurance carriers only pay a portion of the charges for ambulance services – leaving you with out-of-pocket expenses. As a subscriber, your subscription fee reduces your liability for cost-sharing amounts (co-payments, co-insurance, uninsured) up to \$500 per emergency ambulance trip.

In addition, your subscription fee reduces your liability for cost sharing amounts by 25% for non-emergency medical transportation services, gives you access to NOVA Community Care Visits and provides discounted rates with designated providers for wheelchair transportation services.

Emergency medical services were significantly impacted by the COVID-19 pandemic causing the cost of staffing, equipment, and supplies to rise. In addition, the chip shortage to make ambulance chaises is an ongoing concern as we are scheduled to begin ambulance replacement at the beginning of 2023. Your support this year is more important than ever, and we thank you for being a NOVA Subscriber.
